Code Club Expression of Interest Years 2-6

16th February, 2018

Dear Parents and Carers,

Exciting news, next week we are resuming our St Benedict's Code Club for 2018. Code Club is a club for learning to read and write a range of computer languages. Your child will also be able to continue working on their projects at home. At the St Benedict's Code Club the students will be using a range of browser based coding platforms.

What is Code Club?

Code Club is a nationwide network of free volunteer led, clubs for children aged 9-12. The volunteers teach programming through projects at school coding club. These projects teach children how to program by showing them how to make computer games, animations and websites. For further information, visit <https://codeclubau.org/>

The St Benedict's Code Club will be run by Mrs. Melanie Stratford.

When: Friday at lunch times during Terms 1-4.

Time: 1.30-2.30pm

Location: Mrs Stratford's Classroom in the 5/6 block

Equipment required:

We have school devices that will be used for students who are not a part of the Year 5/6 BYOD program. Students in Year 5/6 can use their own device.

Please confirm your child's interest by returning the slip below to Mrs Stratford by Tuesday 20th February or make contact with Mrs Stratford at the email below.

Yours sincerely,

Mrs. Melanie Stratford
ICT Coordinator
St Benedict's Primary
