Subject: ATTN: Teacher Librarian/ICT co-ordinator/STEM - Girls' Programming Network Canberra [SEC=UNCLASSIFIED]

UNCLASSIFIED

Good Morning,

The Girls' Programming Network Canberra is pleased to announce their next event: Scissors Paper Rock!

The Girls' Programming Network Canberra runs one day workshops for girls in grades 4 – 12, teaching them python programming and introducing them to female mentors working and studying in STEM across academia, government and industry.

The event will be held on the 18th of March at the University of Canberra. I have attached the registration form for the event, as well as a flyer that can be handed out to your students.

Places are limited and registrations will close on the 12th of March or earlier if fully subscribed, so please encourage your students to register early.

Kind Regards,

Melissah
