Junior Primary Tidbinbilla Excursion

PREPARATION

Dear Parents/Guardians,

We are all excited about our excursion to the Tidbinbilla Nature Reserve tomorrow.

It is important your child is on time as the bus needs to depart by **9:15am**.

The weather is quite cool at the moment and tomorrow will be no different. It will be much cooler at the reserve. Please ensure your child has **warm clothing** with them. Beanies, scarves, gloves and a warm jacket are all encouraged. The bus will be remaining with us all day and it is easy to put gear in there if your child gets hot. Also ensure that all gear is **clearly labelled**.

A reminder that all students are to wear their sports uniform. All food (fruit break, recess & lunch) and drink are to be brought in a small bag clearly labelled.

Please talk to your child tonight about the animals they might see (kangaroos, emus, koalas, rabbits and if lucky a platypus) and remind them that if they feel nervous or scared just to come and stand next to one of the adults. We are going into the animal's natural habitat and seeing them move freely around the reserve.

It is going to be a wonderful experience for everyone.

Sincerely

Fran Tomadini / Alana Quirk / Breena Walshe / John Siljeg
