Friday 16<sup>th</sup> February 2018

Dear Families,

We are exploring the possibility of creating a school netball club to enter in the Southern Canberra Netball Association. This competition is home to a number of school teams and we are intending to join the mixed league which allows boys and girls to play in the same team. The nature of this association is one of a non-competitive environment with the more junior grades being involved in a NetSetGo program, moving onto a modified fun shortened season through to a more structured season as the children enter higher grades.

As we look into integrating into this association we will restrict involvement to Grades 2 to Grade 6 students only. If we are successful with team numbers we will be looking into the possibility of opening this sport up to the junior primary grades who may be interested in the NetSetGo program through the association.

The games will be held on Saturday mornings, times to be confirmed, and some short practice sessions will be held either during lunch breaks or straight after school depending on the preference of a majority of team families.

At this point we are asking for a commitment to the team to determine if the school should go ahead with the registration as a club within the association. If numbers are adequate we will be in contact with interested families to advise how to register and to organise a short team families meeting to arrange uniforms, practice, coaches, team managers and any other issues.

Best wishes

Rachel Smith  
Principal

My child \_\_\_\_\_

In class \_\_\_\_\_ Age \_\_\_\_\_

Is interested in joining one of the St Benedict's Primary School netball teams.
